Senior Data Scientist,
Unilever

McKinsey &Company

Raghav Chopra
Consultant,
McKinsey

amazon

Parul Samal
Product Manager,
Amazon

100+ MENTORS FROM **20+** UNIQUE INDUSTRIES/ FUNCTIONS

> *The continuity with one mentor for four weeks made it far more engaging than any other program I've attended.*
>
> ***– Aahana,** Lotus Valley International School, Noida*

Real Stories | Real Skills | Real Impact

Learning by Doing

It gave me hands-on experience in consulting– from research to pitching – something we don't get to do in a classroom.

– Devansh, *Overseas Family School, Singapore*

Future-Ready Skillset

I improved critical skills – research, teamwork, and professional presentations – that apply to any career.

– Diya, *Indus International School, Pune*

Prepared for the Real World

This internship gave me life skills I can use beyond school – a lot of which can be implemented in real life.

– Jaskirat, *The British Co-Ed High School, Patiala*

Career Exploration & Clarity

GradCircle helped me clear my doubts about career options. You think something isn't for you, but after trying it, you realize it is.

– Avni, *St Constantine's International School, Tanzania*

Real Industry Exposure

Corporate and international law now excite me far more than I imagined before starting this program.

– Aviraj, *Mahindra United World College, Pune*

Bridging Classroom & Career Choices

My interest in finance peaked here. It felt more real than just studying in class – school only teaches theory, but this showed me what the career actually involves.

– Alisha, *Calcutta International School, Kolkata*

Trusted by Students from 100+ Schools Globally

> *I loved building our own brand and creating a detailed investor pitch- it felt like the real world.*
>
> ***- Laavanya,** The British Co-Ed High School, Patiala*

Sample Projects

Below are examples of real-world problem statements students have tackled, fostering creativity, critical thinking, and industry-relevant skills.

- **Market Expansion:** Develop a strategy for an Indian electric scooter brand to enter Southeast Asia.
- **Equity Research:** Analyze a listed company and recommend a buy, hold, or sell rating with supporting valuation.
- **Healthcare Innovation:** Create a market-entry plan for a next-gen prenatal screening test in India.
- **Litigation Strategy:** Design a courtroom advocacy plan for a public interest case.
- **UX Redesign:** Improve user experience for a wearable fitness device through interface and feature innovation.
- **AI for Social Good:** Build a fake news detection and sentiment analysis system for social media.
- **Investigative Journalism:** Uncover the truth behind "healthy" food labels through data and regulatory analysis.
- **Policy Review:** Evaluate the effectiveness of a government employment scheme introduced 5 years ago.
